

## **Photographs of Students**

We seek opportunities to celebrate the work and achievements of our students and to record key events in the life of the school. Photographs of students, with their names or without their names, may form part of school displays or appear in school publications eg the prospectus, yearbooks or on the school website. Videos of events may be shown at the school and on the school website and copies may be sold to students who took part. Photographs of students, with their names, may appear in the local newspaper. **If you do not wish your child's photograph to be used in these ways, please write to the School Administrator stating this by the last day of Term 1, before the October half-term holiday, or within 2 weeks of joining the school if you join mid year.**

As in many schools, classes are sometimes filmed in lessons for the purposes of developing teaching practice. These films are used solely for the professional development of teachers.

Please note that visitors to the school, including parents are not allowed to take photographs or videos of school events
