

Access Arrangements

Year 12

Information required from your present school to be handed or sent to the Support Department:

- Completed Form 8
- Evidence of approval from exam body.

What will happen next?

Term 1: Meet with SEND Lead Practitioner to talk about what arrangements you had, how they helped, and whether you wish for them to continue.

End of Term 2: Email to class teachers asking whether arrangements are still required and how they are implemented in their subject.

Beginning of Term 3: If additional evidence is required, assessments will take place.

All mocks and in-class assessments will be supported by the Support Department and used as evidence for applications to exam boards.

Students who have not had access arrangements before will need to make an appointment with the SEND Lead Practitioner to discuss options, alongside a referral from their Class teachers or Head of Year.
