

Uniform and Equipment Guidance (Years 7 – 11) Academic Year 2023-2024

At Cheltenham Bournside School we expect the highest standards from our students, this includes their personal presentation and preparation for the school day. Our uniform gives our school its identity and we expect our students to wear it with pride. To maintain these standards, this guide outlines our expectations to ensure that our students feel part of our community, are equipped and ready to learn, and make the best impression to everyone they meet.

Additional information

In cases where medical reasons require a modification to the uniform and equipment expectations, notice on letterheaded paper from a medical professional must be addressed to the student's Head of House detailing the reason, and specifically stating the amendment that needs consideration, and the duration the amendment is needed for. The school will look to support any reasonable requests.

To maintain our high standards of uniform, a consistency check will take place in each morning at the start of period 1. Where uniform and equipment fail to adhere to these guidelines, a sanction will be

issued in-line with our Behaviour Policy until the matter is resolved. Prohibited items of clothing will be confiscated and where possible an alternative will be provided for that school day from our pastoral support team to allow a student to access their lessons. Refusal to remove prohibited items will result in a level 3 sanction.

These expectations should be read in conjunction with the school [Behaviour Policy](#). Please see our Uniform Guidance to further support you when purchasing school uniform and equipment. With respect to hair styles, make up and jewellery, Bournside reserves the right to decide what is discreet and appropriate for the school environment.
